~FEEDERS~

Market was \$5-\$10 lower than last week. The futures have been down 11 straight days. The nearby contracts has lost \$18 since hitting its high in March. Is this packer retaliation for the recent law suit against them? Looks fishy to us....As the fundamentals have not changed in the past week - where last week we had \$130-\$132 fats & this week we have \$122-\$123.
